

AQIRA COMMUNITY GUIDELINES

Welcome to Aqira! This is a vibrant, live world designed for you to express your talents, meet new people, share your creativity, and build amazing communities.

To keep Aqira safe, fair, and fun for everyone, we have established these core rules that every user must follow. By using Aqira, you agree to these guidelines.

Remember, violating these rules can lead to a **permanent ban** and the **forfeiture of all your in-app earnings!**

1. Be Yourself, Be Honest

Authenticity is everything on Aqira. We do not tolerate deceptive behaviors that ruin the trust within our community.

- **No Impersonation:** You cannot create accounts using the name, photos, or identity of another streamer, celebrity, or most importantly, **Official Aqira Staff**. Do not mislead other users.
- **Scams and Fraud:** Seeking gifts, diamonds, or money from users through false promises, deceptive games, or exploiting system bugs for unfair financial gain is strictly prohibited.

2. Respect and Kindness First

We are a global community made up of thousands of people from different cultures and backgrounds. Mutual respect is our foundation.

- **Zero Tolerance for Hate Speech:** We do not tolerate any insults, demeaning language, or discrimination based on race, religion, language, gender, sect, sexual orientation, or physical disability.
- **Bullying and Harassment:** You may not target, stalk, threaten, or defame anyone in live streams, direct messages, or comments.
- **Privacy Violations (Doxing):** Broadcasting or sharing another user's personal information—such as their phone number, home address, real name, or private photos—without their explicit consent is strictly forbidden.

3. Dress and Act Appropriately

Aqira is a platform for adult social interaction and entertainment. It is not an adult entertainment or pornography site.

- **Dress Code:** Broadcasting in underwear, sheer/see-through clothing, or outfits that excessively expose intimate body parts is strictly prohibited. Streaming shirtless (for any gender) or positioning the camera to sexually emphasize body parts is not allowed.

- **Explicit Behavior:** Sexually suggestive movements, dances, sounds, or simulations during a live stream will result in an immediate permanent ban.
- **External Links & Promotions:** Advertising or directing users to external adult platforms, escort services, or commercial sexual sites (e.g., OnlyFans links) via your stream or profile bio is forbidden.

4. Prioritize Safety (Dangerous Behaviors)

Do not engage in activities that endanger your own life or the safety of the community.

- **Self-Harm and Suicide:** Glorifying suicide, displaying acts of self-harm on stream, or encouraging others to hurt themselves is strictly prohibited. If you are going through a tough time, please reach out to professional support services.
- **Violence and Gore:** Fights, physical assaults, or acts of violence against humans or animals on stream are forbidden. Showing weapons (whether real or realistic toys/props) or broadcasting imagery with excessive blood and violence is banned.
- **Substance Abuse:** Promoting or romanticizing the use of illegal drugs, alcohol, cigarettes, or hookahs/shisha while live is strictly prohibited.
- **Gambling:** Advertising illegal betting sites, hosting gambling games, or facilitating unauthorized wagering on streams is forbidden.

5. Respect Intellectual Property & Content Quality

Aqira supports original creators. Respect the hard work of others.

- **Copyrighted Broadcasts:** You cannot rebroadcast movies, TV shows, YouTube videos, or official sports matches (e.g., live football leagues) that you do not own the rights to.
- **Active Streaming:** Opening a stream and leaving the screen completely blank, showing a static image for hours, or sleeping on camera ("Ghost Streaming") is not allowed. Hosts must remain active and engage with their audience.

6. Child Safety is Our Red Line

- **18+ Age Limit:** You must be at least 18 years old to use Aqira.
- **Protecting Minors:** If a minor (anyone under 18) opens a live stream alone, or if any content involves the exploitation or endangerment of children, the account will be **instantly and permanently banned**. Where necessary, local law enforcement and cybercrime units will be notified immediately.

What Happens If You Break the Rules?

The Aqira moderation team and our AI security systems monitor the platform 24/7. Depending on the severity and frequency of the violation, the following penalties will apply:

1. **Official Warning:** The system will send you an in-app warning notification reminding you of the rules.
2. **Stream Interruption:** Your current live stream will be immediately terminated by a moderator.
3. **Temporary Account Suspension:** Your account will be locked for 1, 3, 7, or 30 days (during which you cannot stream, comment, or interact).
4. **Permanent Ban (Device Blacklist):** Your account will be permanently deleted. Your device ID and IP address will be blocked from ever accessing Aqira again. **All accumulated diamonds, coins, and earnings inside the account will be forfeited.**

Report What You See! Creating a clean and safe community is a shared responsibility. If you see a streamer or user violating these rules, please report them instantly using the **"Report"** button on their profile or inside the live stream room.

Thank you for being a valuable part of the Aqira family. Have a great stream!
